ADDENDUM #2 **RFP 15-17** **CCTV FOR SCHOOL PROPERTIES**

The following information is being sent to all known bidders even though some questions have already been answered in the RFP.

1. Each system will be a standalone system for each school.
2. Nothing to do with these systems can go on the existing school network. They must be standalone.
3. No schools require plenum cabling.
4. We do not expect any installation problems that would cause issues with hazardous materials.
5. The RFP calls for new 17" monitors and recorders. Existing ones will not be used.
6. The Town will not perform any electrical work which is why that is in the RFP.
7. A question has been asked as to what frame rate, resolution or % of motion is required.
The RFP calls for no less than 2.0MP resolution.
8. Any 120VAC requirements will be handled by town personnel at the locations designated in the final contract.

*The Town of Greenfield is an Affirmative Action/Equal Opportunity Employer,
a designated Green Community and a recipient of the "Leading by Example" Award*
