Order no. FY 15-006

MOVED: THAT IT BE ORDERED THAT THE GREENFIELD TOWN COUNCIL APPROVES THE ATTACHED RESOLUTION TITLED “RESOLUTION OPPOSING THE NORTHEAST EXPANSION OF THE TENNESSEE GAS PIPELINE IN MASSACHUSETTS”.

**CITY OF GREENFIELD
MASSACHUSETTS**

In the Town Council, June 18, 2014

Upon the Recommendation of Councilor Patrick Devlin and Council President Mark Wisnewski

**Resolution Opposing the Northeast Expansion of the
Tennessee Gas Pipeline in Massachusetts**

WHEREAS, the so-called Northeast Expansion of the Tennessee Gas Pipeline is a high-pressure natural gas pipeline (hereafter “the Pipeline”) proposed by Tennessee Gas Pipeline Company, a subsidiary of Kinder Morgan, Inc. that would run through many communities in Western Massachusetts; and

WHEREAS, the Town of Greenfield is a regional interest in protecting the environment in the Pioneer Valley and in the United States, and the public health generally; and

WHEREAS, the Pipeline would transport natural gas obtained through hydraulic fracturing, a drilling method well known for its potential for ground water contamination, impact on air quality, and the harmful health effects of its chemical byproducts, among others; and

WHEREAS, pipelines of this kind carry inherent risks such as leaks and ruptures, and, as conveyors of flammable gas, can cause accidents such as the 2010 explosion in a residential neighborhood in San Bruno, California that resulted in the death of eight people and the destruction of 38 homes; and

WHEREAS, the Pipeline may pass through environmentally sensitive areas in our region such as forests and wetlands, as well as beneath the Connecticut River; and

WHEREAS, taxpayer money would pay for the pipeline as well as evacuations and emergency response in the event of explosions, fires or other accidents; and

WHEREAS, our energy challenges are better addressed through investments in green and renewable energy solutions.

NOW THEREFORE BE IT RESOLVED THAT the Town Council of Greenfield Massachusetts

1. Stands in opposition to the Northeast Expansion of the Tennessee Gas Pipeline and all similar projects that may be later proposed.
2. Stands in solidarity with nearby communities working to disallow the Pipeline within their borders.
3. Affirms the need for public policy at the local, state and federal levels to encourage renewable energy and combat climate change, and supports legislation to ban or impose a long-term moratorium on hydraulic fracturing as well as storage, treatment or disposal of hydraulic fracturing fluid or byproducts within the Commonwealth.
4. Shall cause a copy of this resolution to be presented to the Town of Greenfield’s legislative representatives and the Governor, asking them to take action to prevent the construction of the Pipeline within the borders of the Commonwealth of Massachusetts.

DISCUSSION: Councilor’s discussion included the following comments:

- Premature to take this from the table for a vote.
- The application to Federal Energy Regulatory Commission (FERC) was being submitted in September and the vote should be taken prior to that to allow for the resolution to be submitted.
- Would have liked to have others present alternative energy sources.
- Reasoning for the need for a pipeline.
- General usage of gas verses spikes in gas usage.
- The Town of Greenfield has been working to have a larger gas supply for the region for a long time. This would attract business and benefit the region economically.
- High cost of utilities in New England.
- Solar was a viable alterative for personal use but not for industrial use.
- Fix the existing line rather than build a new one.
- Dangers and concerns of Fracking.
- Objections to Executives participating in Councilor deliberation.
- Competition for jobs.
- Environmental concerns with all heating sources.
- The resolution needed to be sent to FERC to let them know we do not want the pipeline.
- Ask FERC to hold a Public Hearing in Franklin County.

MOTION: On a motion by Councilor Ricketts, second by Councilor Allis, it was unanimously, **VOTED:** TO CALL THE QUESTION.
