19-21 RFQ Green field Middle School Auditorium Lighting Addendum #1

THE ORIGINAL PROPOSAL POSTED JANUARY 16, 2019 FOR THE ABOVE NOTED PROJECT ARE AMENDED AS NOTED IN ADDENDUM #1.

RECEIPT OF THIS ADDENDUM SHALL BE ACKNOWLEDGED BY INSERTING ITS NUMBER ON THE BID FORM IN THE SPACE PROVIDED.

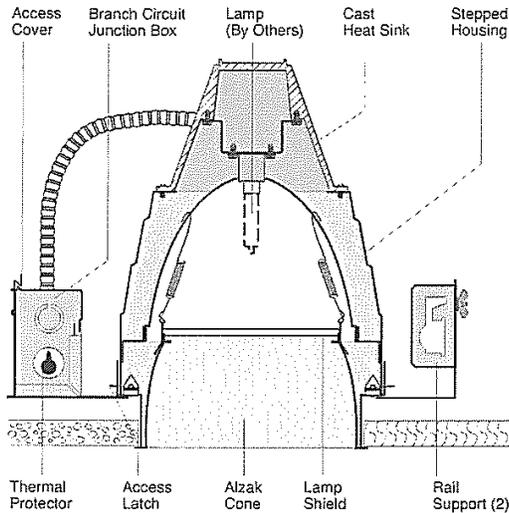

This addendum is issued for the purpose of providing additional information and is hereby made part of the contract drawings and specifications to the same extent as though it were fully incorporated therein.

Failure to acknowledge any addendum may be cause for rejection.

Item #1 Informational Cut Sheet: The attached cut sheet, which is believed to be the existing lighting in the ceiling of the Middle School auditorium, is being provided for informational purposes only. All information given on the drawings or in the contract documents relating to sub-surface and other conditions, natural phenomena, existing pipes and other structures is from the best sources at present available to the City. All such information is furnished only for the information and convenience of bidders and is not guaranteed. It is agreed and understood that the City does not warrant or guarantee that the subsurface or other conditions, natural phenomena, existing pipes or other structures encountered during construction, will be the same as those indicated on the drawings or in the other contract documents.

It is agreed further and understood that no bidder or contractor shall use or be entitled to use any of the information made available to him or obtained in any examination made by him in any manner as a basis of or ground for any claim or demand against the City, arising from or by reason of any variance which may exist between the information made available and the actual subsurface or other conditions, natural phenomena, existing pipes or other structures actually encountered during the construction work, except as may otherwise be expressly provided for in the contract documents.

Please include this Addendum in the bid submission documents

C7394 Medium Beam

Downlight
 250W T-4 Tungsten Halogen Lamp
 7 1/4" Round Aperture

Optics and Applications

The deeply shielded cone provides a medium distribution pattern with low brightness and glare to address design objectives. Performance is free from hot spots, filament images or striations. The T-4 lamp is easily dimmed. Use in churches, terminals, displays, auditoriums, lobbies etc.

Design Features

Cast aluminum heat sinks exhaust heat to the plenum. Glass lamp shields are provided. Reflectors produce predictable patterns and are secured within a stepped hydroformed housing for impact protection and dependable alignment with socket and aperture trim. Maximum ceiling thickness 2". Service from above or below.

Finishes

Specular clear Alzak cones are standard. Optional colors and Softglow® finishes are available. Housing and structural parts are painted optical matte black to suppress stray light leaks. Steel parts are phosphate conditioned for corrosion resistance before painting.

General

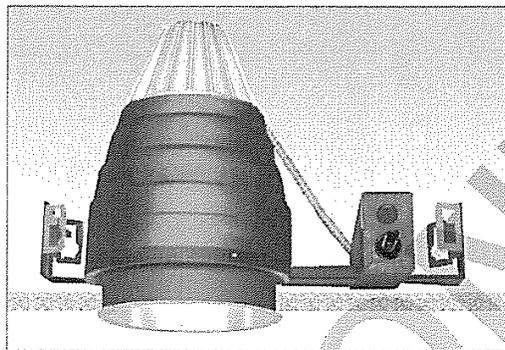

Fixtures are pre-wired and thermally protected, UL and C-UL listed for eight wire 75°C branch circuit wiring. All products are union made. Designed and manufactured in the USA.

Warranty

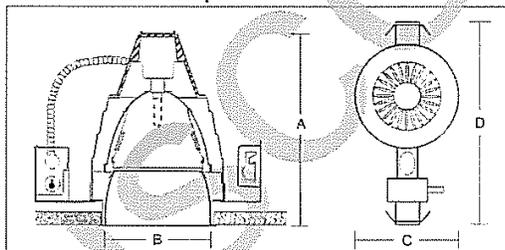

5 Year Warranty. See www.kurtversen.com for details or select hyperlink.

Accessories

B Black cone. WT White flange.
 G Gold cone. R2 26" support rails.
 W Wheat cone. R5 52" support rails.
 Y Pewter cone.
 S Softglow® add S to color, e.g. SC Softglow® clear.
 WRL Wattage restriction label, specify 150W.
