## **Greenfield to Partner with Franklin County Sheriff's Office to Vaccinate Educators this Sunday, April 11, 2021**

**GREENFIELD** – Mayor Roxann D. Wedegartner and Greenfield Health Department Director Jennifer Hoffman are pleased to announce a collaborative effort to help provide COVID-19 vaccinations to educators in the city. This clinic will be held at the John Zon Community Center (35 Pleasant Street, Greenfield) this Sunday, April 11, 2021 from 9:00 am until clinic closing (TBD).

According to Mayor Wedegartner, “We’ve done a lot in the city to support and encourage the efficient vaccination of all our educators in Greenfield. This has been especially important as teachers and staff have been heading back into the classroom. I’m thankful to Director Hoffman, Chief Strahan, and Sheriff Donelan for this collaboration to increase that impact and reach even further.”

According to Greenfield Health Department Director Jennifer Hoffman, “COVID-19 vaccination efforts have been a huge task in the city and I’m thankful to Sheriff Donelan for the extra help to get all our educators done. Thank you everyone who has been involved with this initiative – the city and schools could have not done it without you!”

The Medical staff of the Sheriff’s Office has traveled to six school districts in Franklin County over the past month vaccinating teachers. Sheriff Donelan called the April 11 all-day clinic in Greenfield the culmination of an extensive effort to keep teachers and students safe as they go back to school. “One thing we all agree upon is our kids need to be safe and back in school. This effort gets us there and I am happy to partner with Mayor Wedegartner to get Greenfield’s teachers vaccinated and the schools fully up and running”.
