The following questions have been received:

1) The current bid tab for the subject project only has a spot to write the unit price for each item. Can the bid tab please be revised with a spot to write the extended price for each item as well?

*Answer:*

*Please see attached example of how to fill out the proposal form.*

2) Is the “Permanent Trench Patch Detail – Type C” on sheet 6 to be used for all trenches (sewer, water, drain) throughout the project? Also, please confirm the pay width for the Permanent Patch is based on the pipe details, 18” + D/2 on both sides of the pipe + the 12” cutback.

*Answer:*

*The “Permanent Trench Patch Detail – Type C” is to be used for all trenches outside of the areas to be milled and overlaid. For all trenches within areas to be milled and overlaid, the attached “Permanent Trench Patch Detail” dated 1/22/2021 shall be used. The pay width for the Permanent Patch is based on the pipe details, 18” + D/2 on both sides of the pipe + the 12” cutback for the Type C Patch.*
