Press Release

The Greenfield Cable Advisory Committee is seeking public comment for the purpose of obtaining input regarding issues of past and present performance and present and future community needs pursuant to the Committee's renegotiation of the Cable Video Services contract between the City of Greenfield and Comcast of Massachusetts/Virginia Incorporated.

The Committee held one Public Hearing for this purpose last month and will hold another on July 28, 2016 from 6pm to 8pm in the Town Hall Meeting Room. All are welcome to attend and comment.

In addition to Public Hearings, we invite any Greenfield citizen to send us comments via email to cac@greenfield-ma.gov. Or they could complete the CAC Public Comment Survey on the Cable Advisory Committee page on the Town website at <http://greenfield-ma.gov/x/13/Cable-Advisory-Committee-Public-Comment-Survey>. Please remember that this Cable Video Services contract is for the delivery of video services only and does NOT cover any aspect of Internet services offered by Comcast Inc. or any other entity in the City of Greenfield.

For questions or comments, please contact John Lunt at 413-475-1210.
