September 5, 2007
Collectively and individually, the members of the Greenfield Town Council, the Office of the Mayor, and all elected and appointed officials of the town of Greenfield, do hereby agree to abide by a Code of Civility to ensure that our town's business is conducted in a respectful and courteous manner, and in a way that will generate respect and credibility for our town.

The freedom to express one’s views about public matters is a cornerstone of the democratic process. We, as elected and appointed officials welcome the diverse views and opinions of all members of the public, as they relate to the issues before us. In order for these discussions to be meaningful and effective, we must treat others with respect and dignity.

By adoption of this motion, and by affixing our signatures to this document, we collectively and individually agree to abide by our Code of Civility to the best of our abilities.

I do hereby agree that:

1. I will conduct myself in a professional and civil manner at all times as a representative of the town of Greenfield, including treating each member of the Council, all boards, commissions, and members of the public with respect at all times.

2. Even in the face of disagreement or differences of opinion, I will demonstrate esteem and deference for my colleagues and the public. During all public meetings, functions, or events I will not engage in or threaten to engage in any verbal or physical attack on any other individual. I will not use language that is abusive, threatening, obscene, or slanderous, including using profanities, insults, or other disparaging remarks or gestures. I believe that derogatory language about an individual’s ethnicity, race, sexuality, age, disability, religion, or point of view, is not acceptable.

3. I will promote and enforce a safe meeting environment at all times. At moments when members of the public become disruptive and violate the rules of civility that we have pledged to follow, I will join my fellow Council or board, or commission members in demanding that the persons conduct themselves in a respectful and orderly manner even if I agree with the point of view that is being expressed.

4. I will take responsibility for my own actions, and will work to fulfill my role and responsibilities as specified in the bylaws

5. I will seek to present information truthfully, and will not knowingly misrepresent, mischaracterize, or misquote information received from others.

6. I understand that my words and actions as a private citizen may not be easily distinguishable by the public from my elected or appointed role, and therefore I agree to abide by this Code of Civility in presenting my private opinions in any public manner, for as long as I remain an elected or appointed official of the town of Greenfield.

7. Out of respect to my fellow town officials and the public, I will make the best possible effort to understand the issues before me, and will work to ensure that the full range of opinions on an issue can be presented in all matters that come before me, without any threats, or intimidation, bullying, or name-calling.

Signed by me this date of ___________________________

PUBLIC PARTICIPATION AT SCHOOL COMMITTEE MEETINGS

The School Committee welcomes everyone to its meetings. All regular and special meetings of the School Committee shall be open to the public and shall conform to the Open Meeting Law. Executive sessions are closed to the public and will be held only as prescribed by the statutes of the Commonwealth of Massachusetts. We are your elected officials. The Leverett School Committee serves as a representative for the community that includes students, their families, residents of Leverett, and the staff at school. The School Committee believes that community participation is important and vital to its understanding of the programs and operations of our schools and for the health of the educational community. Therefore, we will take steps to inform and to listen.

During its meetings, we will strive to find a balance between hearing from members of the community and conducting the required business. In order to achieve this objective, the following rules and procedures are established for School Committee meetings:

1. At the start of each regularly scheduled School Committee meeting, individuals, or group representatives will be invited to address the Committee during the Public Comment period. Public Hearing is the time for the public to bring up something not already on the agenda. In general, it is a time for us to listen, to acknowledge, to clarify, and, possibly, to direct your concern/issue to the appropriate place. It is not a time for lengthy discussion. The Chairperson will determine the length of the Public Comment period given the urgency and relevancy of the items raised, the number of other speakers and the length of items on the agenda. The Chairperson, in conjunction with the Committee, will determine an appropriate time to revisit the concerns/issues raised by the public.

2. The Chairperson of the School Committee shall preside over the meeting. In this role, s/he will acknowledge speakers from the public. S/he will determine the length of time for public participation and ensure that comments are appropriate. During any part of the meeting, the public may be recognized by the Chairperson to speak on an item before the Committee. All remarks will be addressed through the Chairperson of the meeting rather than directly to other participants.

3. Comments made by anyone at the meeting should at all times be respectful. If a speaker persists in improper conduct or remarks, the Chairperson may rescind the individual’s right to address the committee. Defamatory or abusive remarks are always out of order.

4. Speakers may offer such objective criticisms of the school operations and programs as concern them, but in public session the Committee will not hear personal complaints of school personnel, students or any member of the school community. Under most circumstances, administrative channels are the proper means for disposition of legitimate complaints involving staff members.

5. The School Committee will provide information to the public at the meeting to help them participate in an informed manner. This will include providing copies of the agenda and materials to be discussed. Since not all materials are easily reproduced and public attendance will vary, the number of documents provided for the public should be reasonable. Minutes of the meetings shall be maintained as required and available to the public. Again, welcome.

Adopted by Leverett School Committee, March 6, 2007
